

Meeting: #8 on 9/27/2023

Project: IEEE Robotics Competition

Attendance: Caz, Adrin, Liam, Conor and Colby and Roberts

Colby Left early

Topics to Discuss: Project, Conceptual Design

Meeting:

- Proposal
 - Highlight in different Colors
 - How we are going to do the Competition
 - Propose a solution
 - Go above the competition
 - Shall statement examples
 - Get specific for measures of success
 - We will test this by doing ____ and 9 out of 10 times it works.
 - Do a graph of what we expected vs what we actually did
 - Points are how we are judged.
 - Are we judging ourselves by points???
 - Don't even consider competition
 - Measures of success by difficulty and easiness
 - Don't reach for standards
 -
