Ross:

Savannah:

Kevin:

Future Tasks:

Garrett:

Finn:

Katie: -format the conceptual design draft

Ross:

Savannah:

Kevin:

Discussions/Decisions:

Met with Devcom on Monday and gave them updates on progress. Asked them about pausing system as well as get ideas on types of sensors. Broke down subsystems further. Came

up with idea for E-stop. Split up further which parts of the conceptual design draft and finished up writing on the draft.
